CONDITIONS OF APPROVAL

The conditions listed are necessary to ensure that approval criteria for this land use permit are satisfied. Where a condition relates to a specific approval criterion, the code citation for that criterion follows in parentheses.

1. Approval of this land use permit is based on the submitted written narrative and plan(s) filed with the County on 5/18/2023 and 6/5/2023 along with the previously approved renewal of a permit for a Temporary Dwelling for Care file #Z0216-21. It shall be the responsibility of the property owner(s) to comply with this document(s) and the limitation of any approval resulting from the decision described herein.
2. Approval Period & Renewal: Approval of this renewal Temporary Dwelling for Care application is valid for 2 years from the date of the final written decision. The permit may be renewed, subject to review as a Type II application pursuant to Section 1307, for a period not to exceed 2 years. The permit may be renewed an unlimited number of times.
3. Any septic system that serves a single-family dwelling and is connected to the temporary dwelling must be reviewed every five years by the County's Septic & Onsite Wastewater Program, in accordance with state law to ensure that the system is functioning, safe and properly maintained. The last documented Authorization Notice is from 2019, so no new Authorization Notice is required until 2024.
4. The temporary dwelling shall continue to be occupied by Lois Harwood, the care provider. The permanent dwelling shall continue to be occupied by Logan Dort and his family, care recipient.
5. The temporary dwelling shall continue to comply with the minimum yard depth standards for primary buildings in the applicable zoning district.
6. Utilities / Services: The temporary dwelling shall continue to extend utilities and services from the permanent dwelling.
7. Driveway access: The temporary dwelling shall continue to use the same driveway entrance as the permanent dwelling.
8. Setbacks: The temporary dwelling shall continue to comply with the primary structure setback standards of the underlying AG/F zoning district.
9. Separation Distance: The temporary dwelling shall continue to be located within 100 feet of the permanent dwelling (measured from the closest portion of each structure).
10. Deed Statement: A written statement shall continue to be recorded in the County deed records that continues to recognize that the temporary dwelling approved pursuant to Subsection 1204.04 is temporary and that the temporary permit is not transferable when the property is conveyed to another party.

- a. A “Temporary Dwelling for Care Deed Restriction” has been filed with the County; deed number 2013-054613.
11. Rental Income: The temporary dwelling shall not be a source of rental income.
 12. Removal / Storage: If the temporary dwelling is a manufactured dwelling or residential trailer, it shall be removed from the subject lot, parcel, or tract within 90 days of when the permit expires or the need for care ceases, whichever first occurs. An exception to this provision may be granted if a temporary manufactured dwelling is converted to a permanent dwelling. Such a conversion shall only be allowed if the temporary dwelling complies with all applicable requirements for a permanent dwelling, and if the conversion will not result in the subject lot, parcel, or tract’s violating the density standards of the underlying zoning district. If the temporary dwelling is a recreational vehicle, it shall be removed from the subject lot, parcel, or tract or placed in a stored condition when the permit expires or the need for care ceases, whichever first occurs. It is a violation of ZDO 1204 to leave a temporary dwelling on the subject property after the need for care ceases.

FINDINGS

The findings below identify the standards and criteria that are relevant to this decision, state the facts relied upon in rendering the decision, and explain the justification for the decision.

A. PROJECT OVERVIEW: The applicant is proposing to renew a permit for a Temporary Dwelling for Care to continue to authorize the temporary placement of a manufactured dwelling, in addition to the primary dwelling, in the provision of care to a family member. Logan Dort, who requires care, as determined by a licensed health care professional, would continue to reside in the permanent dwelling. The care provider, Lois Harwood, would continue to reside in the temporary dwelling. This temporary dwelling has been on the property since 2013 (first approved with land use file #Z0191-13-STC).

B. ZDO Section 1204 Section Title

Section 1204 of the ZDO, Temporary Permits, sets forth the process, standards and requirements for reviewing an application to renew a permit for a Temporary

Dwelling for Care. The proposed renewal of a Temporary Dwelling for Care is subject to the criteria and standards of Section 1204 that are outlined below:

1204.04 TEMPORARY DWELLING FOR CARE

- C. Section 1204.04(C) provides a set of conditions of approval which are reflected in the previous section of this decision, under Conditions of Approval.
- D. A temporary permit for a dwelling for care may be approved for a period not to exceed two years in the EFU, TBR, and AG/F Districts and for a period not to exceed three years in any other zoning district. The permit may be renewed, subject to review as a Type II application pursuant to Section 1307, for a period not to exceed two years in the EFU, TBR, and AG/F Districts and three years in any other zoning district. A temporary permit for a dwelling for care may be renewed an unlimited number of times.

Finding: The Temporary Dwelling for Care is located in the AG/F Zoning District, and was previously approved for a period not to exceed 2 years. The permit is being renewed subject to this review as a Type II application pursuant to Section 1307. This criterion is met.

- E. In lieu of Subsections 1204.04(A) and (B), a renewal application shall be subject to the following standards and criteria:

- 1) The circumstances that provided the basis on which the previous permit was granted remain substantially similar.

Finding: Staff has evaluated the submitted renewal application materials, and finds that the circumstances that provided the basis on which a previous permit was granted (under File No.Z0216-21) continue to remain substantially similar. Applicable Conditions of Approval that are the same conditions from the previous approval are outlined above to ensure that those circumstances continue to remain substantially similar. This criterion is met.

- 2) A renewal application shall be accompanied by a signed statement from a licensed healthcare provider. The statement shall be dated within 90 days preceding the date the application is submitted and shall identify the care recipient and substantiate that the level of assistance required is substantially similar to, or greater than, the level required when the previous permit was granted.

Finding: The applicant has provided a signed statement from Jennifer Vines, a licensed healthcare provider, dated 5/11/2023. The statement identifies that Logan Dort has medical conditions that continue to require the same, or

greater, level of assistance that was required when the previous permit was granted. This criterion is met.

- F. An application shall be evaluated as a renewal application rather than a new application if the permit is requested for the same lot, parcel, or tract and the same care recipient as the previous permit.

Finding: The application is being evaluated as a renewal of a permit for a Temporary Dwelling for care, rather than a new application, because the permit is requested for the same lot as the previous permit and the care recipient, Logan Dort, is the same care recipient as the previous permit. The temporary dwelling will continue to be occupied by Lois Harwood, who is providing care to Logan Dort. The permanent dwelling will continue to be occupied by Logan Dort who is to receive care from Lois Harwood. This criterion is met.
